**Subject:** Chloroprene Agenda for Virtual Face-to-Face Meeting

Hi Tracey/all – Our management had a call with Ramboll about the virtual face-to-face meeting in October (specifically about our joint timeslot at the beginning). They were chatting about a proposed agenda (see attached file). Probably the most important parts to include are the time slots below for Kris, Robinan, Harvey, and Paul Schlosser. I'm moderately concerned with timing given all the questions we have to discuss, but I trust you all to keep us moving agenda wise if we get stuck at any point.

Additionally, they had one question for you in the notes ("Will Versar arrange speaker pool for callers, and mute others, to avoid background noises?). I believe the answer is yes, but I'll have you all confirm.

- 9:30: EPA Request for Correction and Request for Reconsideration: Kris Thayer (10 min)
- 9:40: PBPK Model development, laboratory work: Ramboll: Robinan, Harvey (30 min)
- 10:10: EPA Uncertainty Analysis: Paul Schlosser (15 min)
